

# FAA APPROVED MEDIUM INTENSITY AIRPORT LIGHTING 7000 & 8000<sup>™</sup> SERIES

- Runway Edge  
 Taxiway Edge  
 Threshold Lighting

#### MOUNTINGS

These lighting fixtures are mounted on a 5" or 16" primed and painted conduit mounting pole with a frangible coupling and attached either to a 30" rust-resistant, metal stake that is driven into the ground or a low profile pad mount.

#### LENSES

Lenses are made of durable, tempered "glass" featuring magnifying prisms.
